

octink

Introduction to Octink

Octink is a display specialist that provides its customers with event branding and signage services from installation and on-site project management.

We have over 30 years' experience of working on successful projects in partnership with both local businesses and international brands. Our own brand expresses bold, intelligent thinking and an adaptability to the environment around us.

Our approach is unique in its desire to 'go beyond' an initial brief, delivering against client requests but also engaging in a dialogue from the start;

"The delivery of the contract and management of the relationship with the RHS were exceptional as were Octink's professionalism, eye for detail and excellent planning skills."

Royal Horticultural Society (signage for Chelsea Flower Show 2009)

Our passion for recycling and sustainability has led to us being recognised as one of the UK's greenest companies with a string of awards. We were featured in the Sunday Times Best Green Companies 2009 and came 6th in manufacturing.
